

Response to REFRESH Policy Brief

REFRESH Policy Workshop:
Berlin, 19th November 2018

Dr Tom Quested
International Food Research &
Measurement

Part of WRAP:
www.wrap.org.uk

Monitoring and evaluating interventions

For researchers...

- Design intervention for testing
- Measure change in food waste
- Measure associated changes
- Report findings (even if negative)
- Consider 'systemic' effects

For policy makers, campaigners...

- Build evaluation into programme / project from the outset
 - Use logic mapping
- Measure change in food waste
- Measure associated changes
- Report findings (even if negative)
- Consider 'systemic' effects
